## GOVT ESTABLISHES TASK FORCE TO ADDRESS NON-TARIFF BARRIERS IN TRADE

The government has established a task force under the Department of Commerce to address non-tariff barriers in trade, as informed to Parliament on Wednesday.

Commerce and Industry Minister Piyush Goyal stated that the task force aims to identify, categories, and devise tailored strategies to resolve these non-tariff barriers effectively.

He emphasised the continuous effort required to eliminate trade barriers and ensure increased market access.

Additionally, Goyal highlighted India's engagement in regulatory cooperation to advocate for favorable and consistent global rules governing regulatory structures.

Trade with Pakistan was suspended in 2019, except for therapeutic products. Goyal stated that resuming bilateral trade is Pakistan's responsibility.

Barriers include complex testing, certification criteria, and domestic standards. Regulatory measures ensure product safety but can hinder trade due to gaps in frameworks or differing interpretations of rules.

# BIG POLICY PUSH FOR GREEN HYDROGEN TO ENSURE 24/7 RENEWABLE ENERGY

The Ministry of New and Renewable Energy is actively devising strategies to advance the use of green hydrogen for round-the-clock electricity supply.

This move is in line with the government's commitment to bolster the adoption of renewable energy and leverage green hydrogen, as outlined in the National Green Hydrogen Mission.

Chairing a meeting on Tuesday, Union Minister for Power and New and Renewable Energy, R. K. Singh, led discussions on integrating green hydrogen with solar and wind energy to ensure uninterrupted renewable power.

The discussions delved into exploring green hydrogen's potential as a storage solution to meet round-the-clock power demands and peak requirements.

Various government support mechanisms, like the Contract for Difference (CfD), were discussed for green hydrogen and power sectors. The Union Minister emphasized the importance of renewable energy to meet rising power demands, reduce costs, and enhance affordability. Initial projects will guide future large-scale sustainable energy initiatives.

## DISPUTE RESOLUTION MECHANISM PROCESS-STEP-1

# District court rules that it cannot compel arbitration where parties contracted to arbitrate pursuant to now-defunct DIFC LCIA Rules

Plaintiff Baker Hughes Saudi Arabia Co. Ltd. (“Baker Hughes”) contracted with Dynamic Industries Saudi Arabia, Ltd. (and other related Dynamic Industries entities named in the case as Defendants (collectively, “Dynamic”)) to supply materials, products, and services for an energy project Dynamic was working on in Saudi Arabia. The parties’ contract required that disputes, if not otherwise resolved, “shall be referred by either Party to and finally resolved by arbitration under the Arbitration Rules of the DIFC LCIA (the ‘Rules’) from time to time in force

The DIFC LCIA—the Dubai International Financial Center London Court of International Arbitration—was an arbitration center located in Dubai that applied international rules for arbitration based on those used in the London Court of International Arbitration. However, on September 20, 2021, Dubai enacted “Decree 34 of 2021 Concerning the Dubai International Arbitration Centre,” in which it abolished the DIFC LCIA and replaced it with the Dubai International Arbitration Centre (“DIAC”).

Thereafter, Baker Hughes filed suit against Dynamic in the United States District Court for the Eastern District of Louisiana, in New Orleans, alleging damages of \$1.355 million for unpaid services. Dynamic moved to dismiss the claims on the ground of forum non conveniens, and in the alternative, moved to compel arbitration. In opposition, Baker Hughes argued that the arbitration provision was unenforceable, because the selected forum, the DIFC LCIA, no longer existed.

Dynamic argued that, nevertheless, Baker Hughes should be compelled to arbitrate its claims in the DIAC, since the abolition decree not only transferred the assets, rights, and obligations of the DIFC LCIA to the DIAC, but also expressly stated that DIFC-LCIA arbitration agreements remained valid. The court found, however, that neither it nor the Dubai government had the authority to unilaterally change the arbitration forum agreed to by the parties.

# NEPAL WANTS EASY ACCESS TO INDIAN MARKET TO EXPORT IN BULK AND ON LONG-TERM BASIS

The Nepal government on Friday said it wants to export tomatoes in bulk and on a long-term basis to India but for that, it needs to have easy access to the market and other necessary facilities.

The neighbouring country's plea came a day after Finance Minister Nirmala Sitharaman told Parliament that India has started importing tomatoes from Nepal amid a record-high spike in prices in thIndia is importing tomatoes for the first time due to high retail prices which were as high as

Rs 242 per kg on Friday amid supply disruptions caused by heavy rains. Nepal is desirous to export vegetables, such as tomatoes, on a long-term basis to India, but for that India has to provide easy access to its market and other necessary facilities, Agriculture Ministry spokesperson Shabnam Shivakoti told PTI here.

started exporting tomatoes to India through official channels a week ago, it is not in big quantities, she said.

Arrangements are yet to be made for large scale export of tomatoes, she added.
